Do Not Call 911 for Road Condition Updates

Bellevue, Wash – North East King County Regional Public Safety Communications Agency (NORCOM) is requesting citizens not call 911 for updated road condition information.

911 should be used for emergencies only. Calling 911 for information delays emergency calls from being answered and can delay help. These delays for emergency calls can have devastating effects on those most in need.

The following have updated road closure and other storm related information available.

City of Kirkland: <http://www.kirklandwa.gov>

City of Bellevue: http://www.bellevuewa.gov/extreme_weather_response.htm

City of Mercer Island: <http://www.mercergov.org>

King County: <http://www.kingcounty.gov>

Thank you for keeping 911 available for emergencies only.
